Verse 3 (Rap)

The storms might come but he'll never leave
Take His word he'll forever be
Source of strength when we're running out of energy
Place your cares on His shoulders, the remedy
He'll give you strength that is needed for every task
I know He's on our side and that's everything
In the past He has led even through the dark
And anything we need we can ask
'Cause I know
